

Fun at the Beavertown Library Summer Reading Program

By Kay Poeth

During the Beavertown Library's Summer Reading Program, participants had a fabulous time learning about and then creating their very own Van Gogh, Jackson Pollock, and Andy Warhol paintings.

Young artists display their artwork from the Beavertown Library's Summer Reading Program.

Beavertown Community Library Summer Reading Program is the place to be on Thursday mornings at 10 am. Over several sessions, participants had a fabulous time learning about and then creating their very own Van Gogh, Jackson Pollock, and Andy Warhol paintings.

Co-Librarians Connie Boonie and Valerie Moyer and have some very cool art projects lined up to do, interesting stories to hear, and books to check out. The Summer Reading Program runs until July 24. So, there is still time to get in on the fun and learning. Rock art will be on July 17 and Mexican art with yarn on July 24.

Boonie, Moyer, and Mary Klaue are the 3 Musketeers at Beavertown Library and work as a team to benefit the children. Mary Klaue oversees the library during the Summer Reading Program.

The program keeps growing as more and more children as sign up for all the fun activities and learning experiences. Even their mothers are joining in. "The Beavertown Community Library is the happening place to be! It is so much fun to see these kids become excited as they discover art, learning, and reading," notes Valerie. "It has been so much fun teaching these classes!"

Connie and Valerie are designing on new programs for the fall. There will be more fun to come!

David Bauman, Executive Director of Snyder County Libraries said, "It's just so exciting to see young people falling in love with art and reading. I think every child is a natural artist, but most of us lose our sense of wonder and curiosity as we get older. If we can fan that spark of imagination when they are young, they stand a better chance of enjoying a rich life as grown-ups. I'm very proud of our branch librarians and it's just thrilling to see the difference they're making in the community!"

Beavertown Community Library is part of the Snyder County Libraries system which also included McClure Community Library, Middleburg Community Library, and the Rudy Gelnett Memorial Library.

Faylor Lake Loop Trail Run Being Held July 12

By Kay Poeth

The 2025 Annual Faylor Lake Loop Trail Run hosted by the Snyder County Conservation District will be held on Saturday July, 12 at 9:00 am in Beaver Springs. But this year there is a new twist! According to organizers, "This year we're flipping the direction of the course! Starting at the new pavilion, the race will traverse across the breast of the dam, into a mature timber stand, through a fallow farm field, and up the steepest trail elevation before crossing shallow lake water (less than 6") for a sprint to the finish line.

Awards will be given to the top three male and female finishers for each distance. All race participants will receive a unique finisher prize. Whether you are running for the cause, the view, or the challenge, every step supports the Snyder County Conservation District's Environmental Outreach Programs for youth such as Kids' Enviro Camp, Snyder County Trout in the Classroom, 2nd grade ecology days, Midd-West Outdoor Education, and many more.

The Faylor Lake Loop Run will begin on July 12 at 9 am. Participants can choose between the 3.75-mile distance walk/run or the 7.5-mile run. Day-of registration will be accepted. If 180 runners register, Jason Winey will run the 3.75! Let's meet that challenge! The race is located at 704 Shale Pit Road, Beaver Springs, PA 17812 (40.760231, -77.228069). Register online Register at: <https://runsignup.com/Race/PA/BeaverSprings/FaylorLakeLoop>

After the race, enjoy the complimentary food, go fishing, kayak on the lake, or play a round of disc golf!

Reclamation Project Continues Next Week on Smalsh Barrick Road in Snyder County

Motorists are advised that lane restrictions continue next week on Smalsh Barrick Road (Route 1009) in Middlecreek and Jackson townships, Snyder County, for a reclamation and paving project. Starting on Monday, June Wednesday, July 9, 2025, a Pennsylvania Department of Transportation (PennDOT) maintenance crew will continue to perform a reclamation on Smalsh Barrick Road between Route 522 and the New Berlin Highway (Route 1005). Motorists can expect single lane conditions with flagging where work is being performed. Work will be performed between the hours of 6:00 AM and 6:00 PM, weather permitting.

Reclamation is a process used to mill, crush, and add emulsion to the existing roadway material. The material is then conveyed into a paver, placed on the roadway, and compacted to restore the roadway section and profile.

Motorists should be alert, slow down, expect delays in travel, and drive with caution through the work zone.

This project is scheduled to be completed by late July, weather permitting.

PA 410 Sprint Speedweek gets Seven of Ten Races in; Andrew Yoder does it Again at Port Royal

The annual 410 sprint car Speedweek wrapped up with seven of the ten races getting into the books. It started out with Williams Grove and Lincoln both getting rained out on June 27-28 cars were in the pits at Williams Grove while Lincoln had some of the time trials done when rain stopped the action. BAPS Speedway on Sunday June 29th had the biggest car count for the week with 46 drivers signed in and after that Lincoln just got there Monday June 30 in with rain coming to the victory lane celebration. Tuesday, Grandview called off the show with thunder showers expected to show up at race time and cancelled early. After those five straight nights off, racing took place starting out with the Wednesday July 2nd show at Port Royal. Followed by Hagerstown on Thursday, back to Williams Grove on Friday, the second show at Port on Saturday and it wrapped up with the final this year at Path Valley. Breaking it down over the last five nights, good car counts, and a good number of fans turned out for the last five events, and why not with the way the weather has been so far from this year most people have not seen that much racing. With five nights of no chance of rain for five nights drivers and fans turned out in droves for the racing action. In the end Anthony Macri, with one win, won the points title his third in a row, the first to do that since Fred Rahmer back in the early 2000's. Macri totaled 1035 to Danny Dietrich 998. Macri had all top five runs with a fifth at BAPS, second at Lincoln a win at Port, fourth at Hagerstown, second at Williams Grove and again at Port Royal and a fifth at Path Valley to score the title. Danny Dietrich, who was second, had runs first at BAPS, sixth at Lincoln, eighth at Port Royal, second at Hagerstown, another win at Williams Grove, fifth at Port Royal and a fourth at Path Valley.

Overall, seventy-seven drivers made an attempt to race at least one track during the seven nights with 11 of the top 20 in points running all of the shows. The average car count was 39 per event with Baps the best with 46, the lowest was Hagerstown with 33. Number looks like Anthony Macri 1035, Danny Dietrich 998, Chase Diest 843, Ryan Smith 783, Brock Zearfoss 705, then came Freddie Rahmer 697, Lucas Wolfe 664, Lance Dewease 642, Troy Wagaman 642 and Cameron Smith 614. Tough break for Troy Wagaman, who was third going into the final two nights of racing when he lost an engine in warm-ups at the Saturday show at Port Royal, then in the feature hurt the second motor and was not able to race in the final at Path Valley last Sunday. Feature winners were Danny Dietrich two wins with single wins going to Anthony Macri, Freddie Rahmer, Kyle Larson, Lance Dewease and Chase Dietz.

Friday night at Clinton County speedway Mike Alleman won his first ever 305-sprint car feature event after years of trying Mike who lives in Port Royal is usually at most of the races for this division and it was good to see him final get that first win. He held off the charges of Ken Duke, Matt Tebbs, Kasey Weaver and Jarrett Cavalet for the win. Have to mention that at the age of 90-years old Cowboy Jim Kennedy is still racing and finished the feature Friday night at Dog Hollow but was an early out in the feature at Clinton County. Quote from Cowboy about Friday "I pulled off it looked like things were going to get a little rough out there and I did not want to get in the middle of any of that". With Williams Grove off this Friday Clinton County will have the 410-sprint on their schedule with a winner's share of \$7,500 on tap for the drivers that show up for this race. The Mason-Dixon 270-micro-sprints will also see action as will the four-cylinders. Look for a nice mix of 410/360/358/305 sprint car drivers on hand for this race. Clinton will also have the 410-sprints back on Satur-

day August for the annual Phil Walter Classic on Saturday the ninth.

Andrew Yoder was greeted by two fans; Ridge Renninger (L) and Keenan Wiles (R) both from Richfield and went home with an autographed Checker Flag that Andrew gave them from winning the Super Late Model Race! Photo by Debbie Gastelu

Andrew Yoder of Middleburg scored his second Port Royal super late model win of the season and his third overall also getting a win at Selinsgrove. Andrew also has two limited late model feature wins this year, one each at Port Royal and Selinsgrove. "I knew I had to get the jump on a guy like Gary Stuhler who is good at racing at the bottom of the track, where he started and then I just needed to hit my marks and not make any mistakes. Gary has been racing for a long time and he is always good on the bottom of the track, I was able to keep him behind me from the start and pull away at times. We did not have to deal with too much lapped traffic, which was good. On the longer runs I was able to get some distance on him and that helped me to get the win". Noted Yoder. Stuhler hung on for second his best runs this season and was happy about running good for the first time this year. "We have been working on this car with the help of Longhorn chassis people and tonight it almost paid off for a win, Andrew is running good in the beginning I could stay with him but as the green flag laps went on, I lost ground. He has been running well this year and we finally got a good starting spot for the feature and that really helped us tonight", stated Gary.

Three nights of racing for the super late model class this weekend with the make-up Friday night Appalachian Speedweek race at Selinsgrove speedway which will be the fifth race in the series with four other races rained out at Lincoln, Hagerstown and Clinton County. Gregg Satterlee is leading the points over Trevor Feathers by going into the final. Satterlee has two wins as does Mason Zeigler. Saturday the Frank Sagi Tribute race will be run at Hagerstown with \$5,000 going to the winner of the race which has a number of extra bonuses on top for the drivers, the weekend comes to an end on Sunday at Winchester speedway for the Jimmy Spence Memorial which pays the winner \$6,091 dollars to win, there is an extra \$2,500 for any driver that can win both races at Hagerstown and Winchester.

Sports and money, Money and sports... they go together like ham and cheese and french fries and a Frosty. We all bemoan the fact athletes make obscene amounts of money. The owners of these sports franchises didn't get uber-rich by being bad businessmen.

They are lining their own pockets while paying individual players 40, 50, 60 and even 80 million dollars a year! Team profits are skyrocketing because you and I watch the games on our phones and TV's. More media revenue leads to greater ability to spend on players.

The LA Lakers were just sold for a record \$10 billion to the same group that owns the Dodgers. The only other comparable team to the Lakers in the NBA are the Boston Celtics. The C's were sold less than six months ago for \$6 billion. Talk about appreciation in value.

Billionaires invest in sports teams for status and prestige. Leagues sell rights to streaming giants and cable networks for billions. Teams get a juicy slice, win or lose. It's basically passive income for rich dudes. In addition to all this there's the regional TV deals like \$240 million for the Dodgers and \$100 million for the Phillies each year. Sports is Money.

Another disturbing trend in sports is how easy it is to bet on a game. All you need is a phone and credit card and you can place a bet on most anything. This is a far cry from what it was like thirty years ago when you called a bookie to make a bet for you... so I hear.

It's not just the final score with or without the spread, but prop bets are all the rage now. You can bet on Patrick Maholmes to throw for over 3.5 touchdowns in a game or under 1.5 TD's in the first half alone. You can wager on Saquon Barkley running for over 122.5 yards in a game or if he loses a fumble in the second half. I won't even get into the parlay facet.

Sports are becoming transactional because of the betting aspect. You no longer root for your team but the one you bet on.

Did you know that in baseball you can bet on whether the next pitch is going to be a ball or strike? This is what recently launched an FBI and MLB investigation into Cleveland Guardians pitcher Luis Ortiz.

Apparently there was an abnormal amount of money placed on two pitches Ortiz threw in different games. Wagers placed on those two pitches were they would be a ball and not a strike. Both pitches were not even close to strikes that Manny Sanguillen would not even have swung at!

We live in the computer age and it's way too easy to place a bet. It's also easy in the AI world for Major League baseball to monitor every pitch with various metrics. Location, pitcher's release point and arm angle are all monitored for review. Ortiz will make \$782K this year and has earned \$2.2M in his first three years in the Majors. If found guilty, you have to ask yourself how much was he paid to throw those two balls?

It's happening in the NBA as well. Malik Beasley, Jon-tay Porter and Terry Rozier were or are all under inves-

tigation for prop bet scenarios. From three-point baskets made by Beasley to Rozier leaving a game early due to injury. Many prop bets were placed on Rozier for the under total on points, assists and rebounds for the game. Rozier has a 4 year \$96M guaranteed contract. The NBA cleared Rozier but the FBI continues their investigation.

Prop bets should be eliminated but they won't be because the league and betting organizations are making too much money. The opportunity for instant gratification pays off for these entities. There's a reason more betting windows are showing up inside stadiums and arenas. Colleges have also been affected by point-shaving and these are the athletes looking for money.

Speaking of colleges, the college sports gold rush is about to hit a brick wall. The recently passed rule settling a lawsuit of limiting pay for play ends after the upcoming season.

Ohio State's championship team last year was paid \$20M, this upcoming season they will be making close to \$35M. The biggest paying football programs will be paying \$30-\$35M to their football players.

The price increases are happening for two specific reasons. First, new rules are kicking in which aim to curtail the role of booster collectives. These groups were the main source in paying NIL.

The second reason is that schools can spend up to \$20.5M in revenue sharing the next academic year of 2026/27 across all sports. Schools are going all out for a championship this year, no matter the price. Many schools have said they are planning to spend 75% or about \$15M on football players and \$3M on mens basketball. Sports is Money.

I have never been a fan of the LA Dodgers and never thought Clayton Kershaw was as good as everyone says. Last week he became a member of a very exclusive club in Major League

Union County Veterans’ 4th of July Parade

By Kay Poeth

The Annual Union County Veterans’ 4th of July Parade was held in downtown Lewisburg on Saturday, June 28as crowds lined the parade route. Each year the parade proudly honors over 100 veterans as well as first responders, community groups and difference-makers in our communities. The parade featured at least 8 bands. The flyover by the Douglas C-47B Skytrain,

“Luck of the Irish” was canceled due to too much cloud cover in the western part of the state.

The 2025 parade route once again showcased two special locomotive engines provided by The North Shore Railroad Company & Affiliates (NSHR). The Military Units- LVRR 9052 (Veterans Unit) and LVRR 9050 (Memorial Unit) were parked in Hufnagle Park for public viewing honoring United States military service members – past, present, and fallen for their dedication to the United States Military Armed Forces.

The parade featured Gold Star Families, Mazeppa Veterans, Bucknell athletes, the United States Submarine Veterans and Veterans who served during many conflicts such as the Cold War, Korean War, Vietnam War to present day. Mifflinburg and Lewisburg bands marched in the parade as well. Wrapping up the parade, fire apparatus from across the Valley provided a stunning conclusion to the event.

According to Terry Burke, President of the Union County Veterans’ 4th of July Celebration, there were approximately 200 entries in the parade this year with over 2000 participants. The Kingdom Kids was selected as winner of the 4th Annual Sgt. Thomas Reimensnyder Patriot for the best and most patriotic float in the parade. Susquehanna Community Bank has sponsored the contest each year.

“My husband and I are regular attendees of the annual Veterans Fourth of July parade in Lewisburg. Each year holds new surprises!” exclaimed Debbie Bilger of Selinsgrove. “I really enjoyed seeing all the classic and antique cars transporting the veterans from all branches of the military. I especially liked the red white and blue Jeep carrying Bob Elliot, Cold War Navy veteran of the Cuban Crisis. The American Legion motorcycle riders roared through town making quite a commotion!”

Debbie’s husband, Sang, enjoyed giving high-fives to the Bucknell basketball players as they passed by. He enjoyed the excitement of the children who were scrambling to get candy and goodies that were being thrown. “We both enjoyed watching the running scarecrow with the Wizard of Oz float representing the Campus Theatre. It was a very fun and interactive float. Most of all the weather was fantastic and it didn’t rain on the parade!”

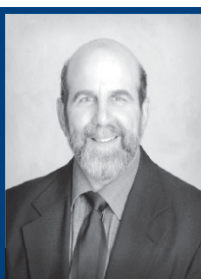

Following the parade, 5 mini-concerts were performed at by the bands participating in the parade including The American Originals, Lewisburg and Mifflinburg High School Band, Fralinger String Band, Upper Schuylkill Band and Keystone Regiment Drum and Bugle Corps who also entertained the crowd before the parade doing a “walk-it-back” parade. The concerts were held in the gazebo at Hufnagle Park for an appreciative crowd.

The Union County Veteran’s 4th of July Parade is heart of America! Honoring Veterans from all branches of the military and wars; the event celebrates patriotism and living in the USA. Thanks to the Union County Parade Committee for your dedication, hard work and commitment to making this happen.

If you missed the 2025 Union County Veterans’ 4th of July Parade or want to watch it again, SECV8 (Service Electric Cablevision Channel 8) is showing re-runs throughout the month of July. It is also available on their YouTube channel for those out of the area. There is a link on the Union County Veterans’ 4th of July Parade Facebook page and website: ucveterans-4thofjuly.org.

“Thank you to all of the participants and spectators who come out and continue to show the love that Union County has for our country and our veterans,” said Burke. “We are planning some really big things for 2026 to celebrate our Nation’s 250th birthday. Stand by for some of those plans in the near future. To get involved in the planning for next year’s celebration contact us at ucveterans4thofjuly@gmail.com.”

Local Student Honored at Annual SkillsUSA Workforce Development Event

Career and technical students in Pennsylvania won one of the nation's highest awards at the 2025 SkillsUSA Championships, held in Atlanta, on June 25-26. More than 6,500 students competed at the national showcase of career and technical education. The SkillsUSA Championships is the largest skill competition in the world and covers 1.79 million square feet, equivalent to 31 football fields or 41 acres.

First place state winners were invited to the event to demonstrate their technical skills, workplace skills and personal skills in 114 hands-on competitions including robotics, automotive technology, drafting, criminal justice, aviation maintenance and public speaking. Industry leaders from 850 businesses, corporations, trade associations and unions planned and evaluated the contestants against their standards for entry-level workers. More than 1,200 industry judges and technical committee members participated this year.

A total of 1,250 gold, silver and bronze medals were presented to students on Friday night, June 27 at the SkillsUSA Awards Session. Many winners also received industry prizes, tools of their trade or scholarships. The medalists also received a Skill Point Certificate representing workplace readiness in the student's occupational specialty. Students can add the certificate to an employment portfolio. As an indicator of proficiency, Skill Point Certificates were awarded to national contestants who medaled or who met a threshold contest score for their event.

The following students received a SkillsUSA Championships medal and Skill Point Certificate from your area:

Team I (consisting of Cordell Yoder, Dominic Scott, Benjamin Rowan, Ezra Carr), from Sun Area Technical Institute (New Berlin), was awarded the High School Gold medal in Team Works.

"More than 6,500 students from every state in the nation participated in the 2025 SkillsUSA Championships," said SkillsUSA Executive Director Chelle Travis. "This showcase of career and technical education demonstrates SkillsUSA at its finest. Our students, instructors and industry partners work together to ensure that every student excels. This program expands learning and career opportunities for our members."

The SkillsUSA Championships event is held annually for students in middle school, high school or college/post-secondary programs as part of the SkillsUSA National Leadership & Skills Conference. The national, nonprofit partnership of students, instructors and industry is a verified talent pipeline for America's skilled workforce that is working to help solve the skills gap.

Midd-West High School May 2025 Leaders of the H.E.R.D.

Midd-West High School would like to recognize the following students for being selected as a Leader of the H.E.R.D. These students regularly exhibit one (or more) of the four-character traits of the H.E.R.D., being Helpful, Empathetic, Responsible, Driven, and contribute to Midd-West High School in a positive way.

The 8th grade Leader of the H.E.R.D. for May is Makynzi Stotz. She is the daughter of Jim and Heather Stotz of Richfield. Makynzi was chosen as the Leader of the H.E.R.D. because she always comes to class prepared, works hard on her tasks and assignments, submits her work on time, and is serious about her academics by always

striving for the best grade possible. Her school activities include Faith Based Club and Puzzle Club. Outside of school, she enjoys swimming, riding bike, camping, listening to music, creating 3-D art, and drawing. In the future, Makynzi plans to attend the police academy and become a police officer.

Natalie Sheaffer is the 9th grade Leader of the H.E.R.D. for May. She is the daughter of Christopher and Jennifer Sheaffer of Middleburg. In school, Natalie participates in Field Hockey and is a manager for the Junior High Field Hockey Team. In her free time, she enjoys attending sporting events, participating in her youth

group at the Selinsgrove Church of the Nazarene, and spending time with her teammates, friends, and family. Natalie was selected as the Leader of the H.E.R.D. because she is an extremely conscientious student who is doing well taking honor and accelerated courses. She does what is right no matter who is watching her.

The 10th grade Leader of the H.E.R.D. for May is Chloe Miller.

She is the daughter of Matthew and Tiffany Miller of Middleburg. Chloe was selected as the Leader of the H.E.R.D. because she is a hard-working student who has matured in her leadership roles in the Midd-West Key Club. She served in a leadership role in 9th grade as the Editor and in 10th grade as the Treasurer. Chloe recently won the Sandy Nininger Award that is only awarded to one Pennsylvania Key Club student yearly. Outside of school, she enjoys baking, reading, coloring, and watching TV and movies. Additionally, she regularly volunteers with Kaitlin Smiles and St. Paul’s Church Food Bank. After graduation, Chloe

is planning to attend college for elementary education. Samuel Jordan is the 11th grade Leader of the H.E.R.D. for May. He is the son of Russell and Beth Jordan of Middleburg. In school, Samuel participates in Football and FFA. He enjoys attending Hummel Church, being outdoors, hunting, fishing, and spending time with his friends and family. In the future, Samuel is planning to enter the work force and have a career in construction and HVAC while continuing to reside in Snyder County. Samuel was chosen as the Leader of the H.E.R.D. because he demonstrates an excellent work ethic and has an outstanding ability to collaborate well with anyone. In addition, he exhibits kindness towards others and his commitment to quality work is evident in all tasks that he completes.

The 12th grade Leader of the H.E.R.D. for May is Jaida Good. She is the daughter of Deanna Good of Middleburg. Jaida was chosen as the Leader of the H.E.R.D. because she is always willing to provide answers and insight in discussions along with working well with everyone in class. She also made amazing contributions to the Senior Cabaret Show. Jaida’s school activities include Theater (8th–12th), Concert Choir (8th–12th), Vocal Ensemble (10th–12th), and Vocal Collective (12th). Selinsgrove R.E.C. Supports Local Youth with Art Show

By Jamiee Joiner

The walls and tables of the Regional Engagement Center (R.E.C.) in Selinsgrove were recently transformed into a gallery lined with creativity as the center hosted an art show showcasing the talents of both adult and young artists. The event, held on Saturday, April 26, 2025, celebrated the diverse artistic talents we have within our community but also served as a fundraiser for the R.E.C.'s afterschool drop-in program.

A delightful mix of mediums and styles filled the room, and it was interesting to see the uninhibited expressions

of the younger artists compared to the perspectives of the seasoned adult artists. My husband and I wandered through the exhibition, pausing to admire the creative visions brought to life on canvas, paper, and beyond.

Attendees were invited to cast their votes for their favorite pieces with separate categories for youths and adults. I felt it was tough to decide because there were so many that resonated with me, but I narrowed it down and cast my vote for my favorites. In the youth category, I voted for an exceptional watercolor painting of a girl made by twelve-year-old, Stella Gentile, and in the adult category, my favorite was an acrylic painting of an angel done on watercolor paper by Addison Bower. While those were my two favorites, there were so many amazing pieces including a watercolor by Maddie Gorski of a nature scene, a Pokémon blanket made from acrylic yarn made by Shellie McCurdy, a drawing of a bug made with a sharpie marker on cardstock by Carissa Croner, a beautiful nature scene acrylic painting on canvas by James Youngman, and a framed digital photograph of a boat on water taken by Aiden Pryor. The wolf mask by Sam Matлага, 14, made with felt, acrylic, hot glue, synthetic fur, plastic netting, and elastic was also pretty spectacular.

James Youngman won in the Adult Category, Stella Gentile won in the Youth Category, and Sam Matлага won in the Social Media Category. Congratulations to the winners! It was interesting to me that all three of these artists won for some of their artwork different from the ones I mentioned in the last paragraph.

Beyond the impressive artwork, the event offered a chance to satisfy your sweet tooth with a tempting bake sale filled with delicious homemade treats which also supported the afterschool program. This invaluable program provides a safe, supportive, and enriching environment for local youth during after-school hours. Thank you to all who came out to support the local artists and a place which offers engaging activities, homework help, mentorship, and a positive space for young people to connect and grow.

Our National Disgrace

**David L. Faust
Selinsgrove**

That's what it should be called, not the national debt. If school districts, local, county, and state governments can adopt budgets that match the spending with their income, why can't the federal government do the same? The last time that the federal government was debt-free was in 1831 when Andrew Jackson was the president. It's our national disgrace!

It's also a national disgrace the way our elected representatives enact tax cuts for the large corporations and wealthy tax payers because,"they will spend to stimulate the economy and generate more tax revenue to help balance the budget" (Reagan). It just doesn't work, and it's just another national disgrace that only increases our national debt.

Early Notice and Public Review of a Proposed Activity in a 100 Year Floodplain

DATE: July 11, 2025

To: All interested Agencies, Groups and Individuals

This is to give notice that Snyder County under 24 CFR Part 58 has determined that the following proposed action under Community Development Block Grant fund, contract numbers C000089767, C000093529, and pending FFY 2025, is located in the 100-year floodplain, (Zone AE) of the Susquehanna River, Penns Creek, and Wesier Run and Snyder County will be identifying and evaluating practicable alternatives to locating the action within the floodplain and the potential impacts on the floodplain from the proposed action, as required by Executive Order 11988, as amended by Executive Order 13690, in accordance with HUD regulations at 24 CFR 55.20 in Subpart C Procedures for Making Determinations on Floodplain Management and Protection of Wetlands. The proposed project location is in Selinsgrove Borough, Snyder County. The extent of the FFRMS floodplain was determined using freeboard value approach. The designated proposed activities include a potential area of effect from the Isle of Que, in its entirety, and the area east of North High Street from West Spruce Street to Bridge Street, and east of Strawberry Alley, with portions of Market Street from the borough's southern boundary line to West Spruce Street, including a portion of Weiser Run west to David Street; as reflected in the best available data. The work will be phased but will likely include: paving restoration/reconstruction, drainage, curbing, curb cuts, sidewalks, and flood mitigation techniques on Chestnut Street (Front Street to Second Street), Walnut Street, South Front Street, Bough Street and Third Street. Demolition of structures may or may not be included in the scope of work. Asbestos and lead abatement will be conducted by PA Standards; sites not currently identified. The project is approximately 300 acres and encompasses approximately 5 acres of floodplain. All areas of earth disturbance will be returned to their original condition; best management practices will be implemented during project activities, and native plant species will be planted or restored. There will be no change in the footprint as a result of the project, and it is anticipated that there will be no adverse effects to the floodplain.

There are three primary purposes for this notice. First, people who may be affected by activities in floodplain and those who have an interest in the protection of the natural environment should be given an opportunity to express their concerns and provide information about these areas. Commenters are encouraged to offer alternative sites outside of the floodplain alternative methods to serve the same project purpose, and methods to minimize and mitigate project impacts on the [floodplain/wetland]. Second, an adequate public notice program can be an important public educational tool. The dissemination of information and request for public comment about floodplain can facilitate and enhance Federal efforts to reduce the risks and impacts associated with the occupancy and modification of these special areas. Third, as a matter of fairness, when the Federal government determines it will participate in actions taking place in floodplain it must inform those who may be put at greater or continued risk.

Written comments must be received by Snyder County at the following address Snyder County, P.O. Box 217, Middleburg, PA 17842 and 570-541-0801, Attention: Shannon Rudy, Grants Manager, on or before July 27, 2025. A full description of the project may also be reviewed from 8:30-4 at 9 W. Market Street, Middleburg, PA. Comments may also be submitted via email at srudy@snydercounty.org.

Selinsgrove Moose Hosted Successful Benefit Tournament for Auman Family

By Jamiee Joiner

Top left photo - The late Jim Auman, Jr.. All other photos are from the day of the tournament.

The Selinsgrove Moose Lodge No. 1173 hosted a pool tournament benefiting the late Jim Auman's family. Friends and family and many members of the local pool playing community came out to celebrate the life of Jim Auman, Jr. while raising money for his family. Jim recently passed away on April 7, 2025, leaving a huge loss not only in the hearts of those who loved him, but to even his rivals in the local pool community.

Jim Auman, Jr. was a lifetime member the Selinsgrove American Legion Post No. 25, a member of the Selinsgrove VFW Post No. 6631, a member of the Loyal Order of the Moose Lodge No. 1173, and a member of the Hummels Wharf Fire Company. He loved shooting pool, so a pool tournament in his honor was more than fitting. As pool cues clicked and friends gathered to play the game he loved so dearly, the Selinsgrove Moose Lodge was the place to be on Saturday, May 31, 2025. There were fifty-twoteams from various leagues all over the area consisting of players of all skill levels registered to engage in some friendly competition in a scotch doubles 8-ball style tournament which followed BCA rules.

"It was truly heartwarming to see so many people turn out," said Mike Mummey, the Chairman of the Selinsgrove Moose LodgeEvents Committee and one of the organizers of the tournament. "The support for Jim's wife, Rhoda, and the Auman family has been incredible, and we were honored to host an event that brought everyone together for such a good reason."

Beyond the pool games, there was a Chinese-style auction which was organized by Angie Riches, a

close friend of the Auman family. It included over one hundred donated items which ranged from gift baskets and gift cards to El Diablo apparel which represented Jim Auman's pool playing persona. Beyond being a benefit for the Auman family, this event gave many an opportunity to remember their friend by sharing stories and visiting withmembers ofthe Auman family.

Congratulations to Darv Combs and Brandon Gordon, who were the winners of the tournament held in Jim's honor.

In total, \$5,425 was raised through the Chinese auction, the pool tournament, and t-shirt sales for the family, and organizers, Butch Leitzel and Michael Mummey expressed immense gratitude for the generosity displayed by all who participated, volunteered, and contributed. The funds will undoubtedly provide much-needed assistance to the Auman family during this challenging time.

The tournament was a fitting tribute to Jim Auman and how that when one member faces hardship, the entire community stands ready to lend a helping hand.

If you are interested in ordering El Diablo shirts, please reach out directly to Jared or Angie Riches.
